

#AbleTo

start my career.

#AbleTo is a campaign to close the employment gap in Ottawa.

Closing the employment gap means ensuring all post-secondary students and graduates, including those with visible and non-visible disabilities, are able to start satisfying careers.

#AbleTo is about you, your peers and your career.

Employers have an obvious role to play in closing the gap. Yet so do you—whether you're a student with a disability or without. Start by asking the right questions of employers at job fairs and career events.

#AbleTo is online and on campus.

Go to AbleTo.ca or visit your campus career centre to learn more and get involved.
